Team leadership
Project management
Attention to detail
Patient
Helpful

Interests

In my spare time I enjoy watching movies or shows with a good story. The same thing applies to games that I play or create. I also enjoy world building, especially in the epic D&D sessions that I host. Traveling and discovering new cultures is something that I enjoy a lot, it gives me a lot inspiration.

Relevant Work Experience

Quantaris - Product Owner / Product Manager

October 2024 - present

Roadmap, business cases, risk assessment, stakeholder management, employee growth + coaching, project blueprints, sprints, reflections, etc.
